

August 6, 2021

Dow AgroSciences de Colombia S.A.

Dear Supplier,

After the successful separation from DowDuPont on June 1, 2019, we have been working on the new Corteva journey for just over a year, always looking for new improvements for farmers, consumers and the world.

As known, Corteva was launched globally with a balanced offering between Seeds and Crop Protection, as well as expanded Digital Services. We currently manage our business through legal entities whose names refer to our old companies.

We are currently working on an initiative that will simplify the work with our suppliers and that consists of transforming the architecture of our legal entity throughout the company. The intended result of this process is to have, in each country, whenever permitted, a single legal entity called Corteva; and have all these legal entities operating in the same SAP system.

Therefore, we inform you that the closing date of **August 6th, 2021** in **Colombia**, our legal entity **Dow AgroSciences de Colombia S.A.** will change its corporate name to **Corteva Agriscience de Colombia S.A.S.**

The rest of the legal information, such as the company address and registration Tax ID (RUT) remain unchanged. At this time, only the company name of this specific legal entity will change.

Please update your internal records and systems to reflect the change detailed above. It is also important that, starting **August 6th, 2021**, you handle the Purch Order confirmations and invoices for the new company name. So that, from **August 6th, 2021**, invoices must be issued for the new company name. All existing contracts will remain in full force.

The email address to send invoices will remain unchanged:

- Local Invoices facturacodas@corteva.com,
- Foreign Invoices FAEEINV@corteva.com;
- Not Electronic Invoices, send to Ricoh Colombia S.A. (Ref. Corteva Colombia) Centro Industrial Portos – Av. Calle 24 #95-12 Bodega 47, Barrio Puerta de Teja, Bogotá, Colombia

If you have any questions or need more information, please contact your contract point of contact, local buyer or please write us to lasc@corteva.com, and we can assist you.

We also invite you to visit our Corteva Supplier Center at www.supplier-center.corteva.com, where you can find the latest information about our suppliers.
