

January 13, 2021

**DuPont de Ecuador S.A.**

Dear Supplier,

After the successful separation from DowDuPont on June 1, 2019, we have been working on the new Corteva journey for just over a year, always looking for new improvements for farmers, consumers and the world.

As known, Corteva was launched globally with a balanced offering between Seeds and Crop Protection, as well as expanded Digital Services. We currently manage our business through legal entities whose names refer to our old companies.

We are currently working on an initiative that will simplify the work with our suppliers and that consists of transforming the architecture of our legal entity throughout the company. The intended result of this process is to have, in each country, whenever permitted, a single legal entity called Corteva; and have all these legal entities operating in the same SAP system.

Therefore, we inform you that the closing date of **January 13th, 2021** in Ecuador, our legal entity **DuPont de Ecuador S. A.** will change its corporate name to **Corteva Agriscience Ecuador S.A.** The rest of the legal information, such as the company address and registration Tax ID (for example, RUC, RUT, etc.) remain unchanged. At this time, only the company name of this specific legal entity will change.

Please update your internal records and systems to reflect the change detailed above. It is also important that, starting **January 13th, 2021**, you handle the Purch Order confirmations and invoices for the new company name. So that, from **January 13th, 2021**, invoices must be issued for the new company name. All existing contracts will remain in full force.

The email address to send invoices will remain unchanged: the email address to send invoices is DO NOT APPLY. The original physical invoices must be sent to the address: EL BATAN AV. 6 DE DICIEMBRE # 2816 Int. PAUL RIVET Edificio: JOSUET GONZALES, Oficina: 10, Quito – Ecuador o Esterella & Apolo consultores, AV. COLON E4-105 Y 9 DE OCTUBRE, EDIF. SOLAMAR PISO 2 OF. 208

If you have any questions or need more information, please contact your contract point of contact, local buyer or please write us to [lasc@corteva.com](mailto:lasc@corteva.com), and we can assist you.

We also invite you to visit our Corteva Supplier Center at [www.supplier-center.corteva.com](http://www.supplier-center.corteva.com), where you can find the latest information about our suppliers.
