

03.05.2021

Dear Vendor,

After the successful completion of the separation from DowDuPont on June 1, 2019, we are just over one year into our Corteva journey, growing what matters for farmers, consumers and the world.

As you may know Corteva has been launched at global scale with a balanced offering across Seeds and Crop Protection, as well as expanded Digital Services. Currently we are running our business through legal entities with names referencing our former parent companies. We are currently working on an initiative that will make it easier for our partners to work with us and have started the transformation of our companywide legal entity architecture. The intended final outcome of this process is to have in each country, wherever permissible, a single customer-facing legal entity with a Corteva legal entity name; and having all such legal entities operating in the same SAP system.

This is to inform you that as of **May 3, 2021**, in **Hungary**, our legal entity **Pioneer Hi-Bred Termelő és Szolgáltató Zrt.** will change name to **Corteva Agriscience Hungary Zrt.**

All other legal information like company address, company registration number, VAT registrations, etc. remain unchanged. Only the company name of this particular legal entity changes at this time.

We kindly request you update your records to reflect the change detailed above; and that as of **May 3, 2021** you address your order confirmations and invoices accordingly. On invoices issued **before May 3** the old company name (**Pioneer Hi-Bred Zrt**) has to be written while in case of invoice issued **on or after May 3** the new company name (**Corteva Agriscience Hungary Zrt**). In case of bank transfers received from our company after May 3 the remitter name will be the new company name - please inform about this the relevant department handling incoming payments to avoid refused payments due to the new name. Any contracts in place will continue in full force and effect.

The email address where to send the invoices to does not change, so please email them in pdf format to dl-hu-invoice@corteva.com. Corteva discourages the use of paper invoices as it is a slower process, not environmentally friendly and with the risk of invoices getting lost in the mail, so please switch to pdf invoices if not already done. However, in case that you cannot switch yet to pdf invoices, please forward them to the address as before.

If you have any questions or would like more information, please contact your usual contact person within our procurement organization.

We also welcome you to visit our Corteva Supplier Center www.supplier-center.corteva.com where you can find our latest supplier information.

Sincerely,

Procurement Service Center E AME
